

SAPTARSHI MANDAL

Aspiring Data Analyst | Business Analyst | SQL . Python . Power BI . Tableau . Excel

Kolkata, India | +91 86378 46818 | saptarshi2005.kgp@gmail.com | www.linkedin.com/in/saptarshi-mandal-cs | github.com/Saptarshi-Mandal-1234

PROFESSIONAL SUMMARY

Computer Science undergraduate at IEM Kolkata (CGPA: 8.4) with hands-on data analysis experience across four end-to-end projects spanning SQL, Python, Power BI, and Tableau — from data cleaning and EDA to dashboarding and predictive modeling. Seeking a Data Analyst role in a data-driven organization.

EDUCATION

Degree / Exam	Institute	Year	CGPA / %
B.Tech, Computer Science & Technology	Institute of Engineering & Management (IEM), Kolkata	2023 - 2027	8.4 (till Sem V)
Higher Secondary (CBSE)	Kendriya Vidyalaya No. 2, Kharagpur	2023	79%
Secondary (CBSE)	Kendriya Vidyalaya No. 2, Kharagpur	2021	94%

EXPERIENCE

Summer Intern - Research & Content | CollegeTips.in | Kharagpur

June 2024 - July 2024 (2 months)

- Synthesized multi-source educational trend data into structured, audience-optimized written deliverables, applying qualitative research analysis and meeting all editorial deadlines over a 2-month internship.

PROJECTS

HR Employee Attrition Analysis | Python . Power BI (DAX) . Scikit-learn . GitHub

- Built an end-to-end attrition pipeline (EDA, logistic regression, K-Means, survival analysis) on 1,470 IBM HR records and a 7-page Power BI dashboard with a What-If cost calculator; published to GitHub.

Loan Default & Credit Risk Analysis | Python . Tableau . XGBoost . SHAP

- Analyzed 32,000+ IBM loan applications with Logistic Regression, Random Forest, and XGBoost (80.6% accuracy, ROC-AUC: 0.876), with SHAP-driven insights visualized in an interactive Tableau dashboard.

Customer Churn Analysis | MySQL Workbench . Power BI . SQL

- Analyzed the Telco customer dataset (~7,043 rows) in MySQL Workbench and built a Power BI dashboard with a prescriptive recommendation engine for targeted retention actions.

MediVault — Decentralized Medical Records System | Ethereum . IPFS . Blockchain

- Designed a blockchain-based medical records system on Ethereum with IPFS storage for tamper-resistant access, and authored an accompanying research paper with a WannaCry-based case study.

MediAssist AI | Gemini API . MongoDB . Node.js/Express

- Built a hackathon healthcare assistant from scratch with four consultation modes, Gemini API-driven interactions, and a MongoDB/Node.js backend, complete with full deployment artifacts.

Automated Irrigation System | Python . Arduino/Raspberry Pi . Sensors

- Built a sensor-driven data pipeline monitoring real-time soil moisture to automate water distribution, reducing manual intervention by 40%.

LEADERSHIP & EXTRACURRICULARS

- Public Relations Manager, NebulaPioneers (Jul 2024 - Jul 2025) — led PR strategy and stakeholder communications for a tech startup over 12 months.
- Social Media Team Member (LinkedIn), Ureckon UEM Kolkata (Mar 2024 - Mar 2025) — managed content strategy for a flagship tech event.
- Anchored public speaking and media handling at institute-level technical, cultural, and social events.
- Volunteered as a teaching mentor in NGO outreach programs, supporting community education initiatives.

CERTIFICATIONS

- Power BI Job Simulation - PwC Switzerland | Excel Skills Job Simulation - JPMorgan Chase & Co. | GenAI Powered Data Analytics Job Simulation - Forage
- Introduction to SQL - SimpliLearn | IBM SkillsBuild Academic Internship - Data Analytics with AI | Learning Data Analytics Foundations
- Business Analysis Foundations | Google Cloud Foundations

SKILLS

Data & Analytics: Python (Pandas, NumPy, Scikit-learn), SQL (Joins, CTEs, Window Functions), Power BI (DAX, Power Query), Tableau, Excel (Pivot Tables, Power Query, VLOOKUP), Machine Learning, EDA, Data Cleaning, Statistical Analysis, Data Visualization

Business Analysis: Requirements Gathering, Stakeholder Communication, KPI Reporting, A/B Testing, ETL Pipelines, Business Intelligence (BI), Data Storytelling, Process Analysis

Tools & Platforms: Git/GitHub, MS Office Suite, Microsoft Copilot, MATLAB, AutoCAD, Windows, Linux

Core Competencies: Critical Thinking, Problem Solving, Data-Driven Decision Making, Leadership, Teamwork, Effective Communication

ACHIEVEMENTS

- Vice Chancellor's Award for Overall Performance | Certificate of Recognition, NGO Work | ATL Marathon 2020 - Top 10 in WB, Top 300 Nationally
